

We're Spreading the News

For many years the Sunday school children have been collecting peanut butter and jelly for **(Organization)** but they are also in need of white rice and macaroni and cheese so we have decided to spearhead a churchwide monthly collection covering these four main staples.

(Month) will be **Peanut-Butter-and-Jelly Month** and we'd like to try and collect **(XXX)** jars of each which will feed **(XXX)** people through the **(Organization)** Pantry. I know this sounds like a lot of PB&J but if we all bring in just one jar a week we can easily reach our goal and after the huge success of our Rice Challenge I know we can do it.

Sunday school donations will be delivered to church when we enter and all other donations can be **(left on the table by the window on the Pomerado Road side of the church or delivered to the church office).**

I can't wait to watch our collection grow and look forward to helping those far less fortunate than ourselves.
